

# PLEIADES

LIGHTING

Ready to sell

Lamp shade "Pleione" is from sustainable collection, where we bring old pieces for their second life. Here we used parts from old warehouse lights, renovated them and combined with modern details. Here the lamp shade was artistically coloured using different colours inside and outside, on top you will find a braid from jute that can go all the way to the ceiling. It would fit perfectly in industrial, modern or eclectic interior.

#### TECHNICAL INFO

Materials: coated metal lamp shade, jute rope

Light: E27 light bulb (not included)

Size: diameter 500mm

Height 300 mm

Weight approx. 5kg

All PLEIADES work is one of a kind and made by hand in our workshop in Lithuania. Customisation or individual work is optional, ask for more details.

Price: 1200 EUR
