

PLEIADES

LIGHTING

Ready to sell

Modern and cosy lamp shade “Atlas” is created using jute rope and macrame knotting technique. It is unique because of the material - jute rope - which is not usual for this knotting technique, but it is strong and nice brown coloured. The classic rhombus pattern gives nice shadows all over when the light spreads through it.

TECHNICAL INFO

Materials: coated metal frame, jute rope

Light: five E27 light bulbs

Size: length 1500mm

wide 300mm

height 300 mm

Weight approx. 20kg
